## Game Description

A satirical and loose adaptation of Space Invaders, Invaders from Space is a shooter game where numerous players work together to defeat the invading aliens. Included in Invaders from Space are sounds from the arcade game to give players some nostalgia. Work together with your teammates to keep the pesky aliens from invading Earth! Be careful not to let any of them slip by you and conquer our precious planet. Confused about how the game works? Fear not, there are instructions on the left side of the game. Invaders from Space is available now on the web for you and your friends to enjoy.
